"I like being in outdoors a lot more because I'm not the one who doesn't know anything, now I'm the person who does know a lot." -ENOR camper

For 45 years, ENOR Environmental Discovery Camp has been getting youth outdoors for a powerful week of exploration with caring adults and their peers. After a week at ENOR, children come away with a connection to and love of the outdoors, inspiring them to share their newfound knowledge, and continue to spend time outside into the future.
