

# ENOR

ENVIRONMENTAL DISCOVERY CAMP  
SCHOLARSHIP APPLICATION

The purpose of the ENOR Scholarship program is to expand the availability of the ENOR camp experience to children who would not have the means to attend camp otherwise, and to enrich the lives of all campers participating in the program by providing an opportunity to interact with others from different backgrounds.

**GUIDELINES**

- All applications must be submitted by **April 7, 2023**. **The more complete your application, the greater your chances are for receiving a scholarship.** Incomplete applications will be returned. You will be notified of scholarship decisions no later than April 21, 2023.
- Do not register for camp separately from this application. If you register and pay before receiving a scholarship, your application will be void, and the standard cancelation policies will apply if you need to cancel your child’s registration.
- To demonstrate the family’s sense of commitment and responsibility towards the camp experience we request that every family should provide a **minimum of \$30/full award or \$125/partial award** towards the registration fee. Parent payment deadline – May 1, 2023.
- While indicating your first and second preference for camp sessions is part of the application process, **we cannot guarantee the award will be granted for either of those sessions.** ENOR reserves the right to assign sessions based on availability. However, we will make every effort to place your child in one of the sessions requested.
- This form must be thoroughly filled out, signed, and dated for your child(ren) to be considered eligible.

**HOW SCHOLARSHIPS ARE AWARDED**

Volunteers from the community will meet to review applications and make awards until all funds are distributed. Scholarships will be awarded based on the following:

- **ECONOMIC NEED** – We consider family size, family situation (single parent, foster care, custodial grandparent, etc.), and extenuating circumstances when making award decisions.
- **MOTIVATION AND COMMITMENT** – To aid in the review process, written statements from campers and their parents will be assessed to help us determine the motivation and commitment of the family to support the camp experience.
- **FUNDING** – Scholarships will be awarded based on completeness of information provided and on the availability of scholarship funds.

If you need assistance completing the application, or have questions, please contact the camp coordinator at (303) 271-6637.

**TO APPLY – EMAIL OR MAIL COMPLETED APPLICATION**

**TO:**
